

My all and all

Picking me up, when I stumble
Hearing me each....time I call
I don't mind, letting the world know
He is my all and all
My all and all

(lead: Adlibs)

My all and all

Lead:

My all and all

(Verse)

Why..... should I worry
When troubles around me fall?
Because He promised to hear me when I call
If I live right, and if I keep the faith
If I get a little grace, to run this race
He will be there.....
For He's my all and all
