

## **ALWAYS**

May the grace of God be with you always

May the peace of God be upon you always

May the love of God be in you always, always

Just to know - God is right there always

Everywhere you go - and everything you do

Ain't it good to know -

Someone is watching you

Thru the good times

And the bad, when you're happy and sad

Al-----ways

Ain't it good to know God is right there

Always (as directed) Always has no end
