

Redeemed

I am redeemed, I am redeemed
washed in the blood of the lamb
now I am all, that God says I am
I'm washed in the blood of the lamb

From a long ways off
Jesus saw me, wondering far from his love
But his precious blood, that can reach anywhere
Found me and saved me right there

For me, you were slain
That I might be saved,
By your blood, you made me what I am
The angels fold their wings, they cannot sing
I've been redeemed by the lamb
