

Tried in the Fire

(Verse)

I've been tried in the fire
But I came out, as pure gold
I've been tried in the fire
Yet my testimony has not been told
I've been up, down, leveled to the ground
Even tested like Job
I've been tried in the fire
But I came out, as pure gold

(Chorus)

My struggles..... only made me stronger
That's why I'm standing here today
My burdens only made me better
And right now I can truly say
Oh, oh, Oh, oooooooooo
I shoulda' lost my mind
Had not the Lord stepped in on time

(Special)

I've been tried in the Fire *(as directed)*
But I came out!
He was testing me
Only protecting me
And now I'm ready
I came out as pure gold
